

Health Promotion Service at North Metropolitan Health Service (NMHS)

The Health Promotion Service works across the NMHS catchment area and aims to keep the population healthy by preventing chronic disease (e.g. cardiovascular disease, type 2 diabetes, respiratory disease and some cancers) and injury.

The Service is managed by Krista Coward and staff work in one or more program areas (see overleaf for details):

Staff are also portfolio leads in one or more of the following areas:

Smoking

Nutrition

Alcohol

Physical activity

Injury

Data support

Community engagement

Aboriginal & Torres Strait Islander community

Research & evaluation

Culturally & Linguistically Diverse community

Healthy Population

This program partners with local governments and other organisations to develop interventions that support healthy lifestyles for the whole community.

Examples of our work include:

- Supporting the Town of Claremont and Town of Mosman Park to develop their Public Health Plans.
- Working with the City of Vincent to evaluate their Smoke Free Town Centres Project.

Priority Communities

This program partners with stakeholders to promote health in two priority localities where people are at greater risk of poor health. Efforts focus on smoking, nutrition, alcohol, physical activity and injury.

Locality 1:

- Nollamara, Westminster, Balga, Mirrabooka, Girrawheen, Koondoola, Marangaroo and Alexander Heights.

Locality 2:

- Clarkson, Merriwa, Butler and Ridgewood.

Healthy Service

This program supports NMHS hospitals and other NMHS sites to implement the mandatory WA Health System policies on smoking and healthy food options.

Examples of our work include:

- Developing NMHS site specific Smoke Free procedures.
- Supporting event days such as World No Tobacco Day.
- Providing advice to NMHS cafés/canteens on healthier food and drink options.
